Practice 1 Managing software

A screenshot of a terminal window titled "Tilix: student@portablevm: ~". The terminal shows a prompt "1: student@portablevm: ~" followed by the text "This is dummy text. Not a solution". Below this, the prompt "student@portablevm:~\$" is shown with a cursor. The terminal window has a dark background and standard window controls.

Practice 1 Shell scripting chapter 1

The image shows a screenshot of a Tilix terminal window. The window title is "Tilix: student@portablevm: ~". The terminal content shows a prompt "1: student@portablevm: ~" followed by the text "This is dummy text. Not a solution". Below this, the prompt "student@portablevm:~\$" is shown with a cursor. The terminal has a dark background and a light-colored text.

```
1: student@portablevm: ~  
This is dummy text. Not a solution  
student@portablevm:~$
```
